Summer Training Camp

Bailey's Harbor, Wisconsin August 5-9th
Training for campus Ministry leaders

Equip your staff and student leadership for next year's ministry. They will grow in their practice of prayer, learn and practice ministry skills, and unite around an energizing vision for ministry.

Cost:
Only \$200
per person

Prayer: Time set aside everyday for personal and communal prayer. The Scriptures and the Eucharist will be at the center of this week.

Ministry Skills: Interactive training and time for practice! Everyone will facilitate a small group discussion, practice one-on-one peer mentoring, and participate in various exercises to gain confidence in welcoming and engaging new people.

Ministry Vision: Campus teams will learn principles of evangelization and catechesis that will help them focus their efforts in an intentional way. Teams will leave the STC with an effective plan for the first month's outreach and a plan for following-up on new relationships.

This week will spiritually refresh students and staff so they can return to their campuses with contagious energy for sharing the Good News! The camp facilities are right on a lake and only 1 mile from Lake Michigan. We'll have time to play ball on the beach and enjoy the famous ice cream of Wisconsin's Door County. We hope to see you and your team in August!
